Dear Mr. Shaheed:

As Commissioner of Tarrant County Precinct 1, I support the traveling exhibition of Timbuktu being brought to Tarrant County. It is projects such as this that afford our citizens the opportunity to experience a diverse culture and religion.

By bringing the exhibit to our area, our youth will be exposed to a life and culture beyond their homes and their city. Families will be exposed to a different culture, intellectual development of this city in Africa and receive a shining example of their heritage.

This project has my full support.

Sincerely,

Roy C. Brooks
